FOS - Foot Osteosynthesis System - supplementary literature

1. Fortin, P.T., (2001)
Posterior tibial tendon insufficiency. Isolated fusion of the talonavicular joint.
Foot Ankle Clin 6: 137-151
2. Speck, M., Klaue, K. (2001)
Mediale Flexor digitorum longus- Sehnen-Augmentation und laterale
Fußsäulenverlängerung oder reorientierende Triple-Arthrodesis zur chirurgischen Therapie
der Tibialis posterior-Sehnen-dysfunktion.
Z Orthop ihre Grenzgeb 139: 332-339
3. Thomas, R.L., Wells, B.C., Garrison, R.L., Proda, S.A. (2001)
Preliminary results comparing two methods of lateal column lengthening.
Foot Ankle Int 22: 107-119
4. Toolan, B.C., Sangeorzan, B.J., Hansen, S.T. (1999)
Complex reconstruction for the treatment of dosolateral peritalar subluxation of the foot.
Early results after distraction arthrodesis of the calcaneocuboid joint in flexor digitorum
longus tendon to, the midfoot to treat acquired pes planovalgus in adults.
J Bone Joint Surg 81A: 1545-1560
5. Harper, M.C. (1999)
Talonavicular arthrodesis for acquired flatfoot.
Clin Orthop 365: 65-68
6. Neylon, T.A., Johnson, B.A., Laroche, R.A. (2001)
Use of Lapidus bunionectomy in first ray insufficiency.
Clin Podiatr Med Surg 18: 365-375
7. Myerson, M.S., Schon, L.C., McGuigan, F.X., Ozgur, A. (2000)
Results of arthrodesis of the hallux metatarsophalangeal joint using bone graft for
restoration of length.
Foot Ankle Int 21: 297-306
8. McInnes, B.D., Bouche, R.T. (2001)
Critical evaluation of the modified Lapidus procedure.
J Foot Ankle Surg 40: 71-90
9. Moeller, K., Edelmann, H. (1999)
Die Interpositionsarthrodes nach Keller-Brandes-Operation an der Großzehe.
Unfallchirurg 102: 662-664
10. Veri, J.P., Pirani, S.P., Claridge, R. (2001)
Crescentic proximal metatarsal osteotomy for moderate to severe hallux valgus: a mean
12.2 year follow-up study.
Foot Ankle Int 22: 817-822
11. Okuda, R., Kinoshita, M., Morikawa, J., Jotoku, T., Abe, M. (2000)
Distal soft tissue procedure and proximal metatarsal osteotomy in hallux valgus.
Clin Orthop 379: 209-217
12. Tmka, H.J., Mühlbauer, M., Zembsch, A., Hungerford, M., Ritschl, P., Salzer, M. (1999)
Basal closing wedge osteotomy for correction of hallux valgus and metatarsus primus
varus: 10 to 22-year follow-up.
Foot Ankle Int 20: 171-177
