## Expert Meeting on Advanced Operation Techniques in Gynaecological Oncology

**8<sup>th</sup> Advanced Training Course  
Strasbourg/ France  
November 12<sup>th</sup> - 13<sup>th</sup>, 2019**

IRCAD Institute  
Clinical Training Center, Strasbourg

**ircad**  
France

Dear Ladies and Gentlemen,

We, KLS Martin, cordially invite you to our Expert Meeting on Advanced Operation Techniques in Gynaecological Oncology taking place in Strasbourg, November 12<sup>th</sup> and 13<sup>th</sup>, 2019.

KLS Martin has succeeded in offering an alternative to disposable instruments with their vessel sealing portfolio for open and laparoscopic surgeries. Both economic and sustainability aspects drive our passion to develop reusable instruments.

On the first day of the course you will experience a comprehensive theoretical program including lectures from international speakers, a video session with discussion of selected OR cases and explanations of the technical background of bipolar vessel sealing.

The second day will be dedicated to an intensive hands-on training where the participants will have the opportunity to use the equipment in practice and to apply surgical techniques in the wet-lab facilities of the IRCAD institute. All hands-on sessions will be accompanied by experienced and trained surgeons.

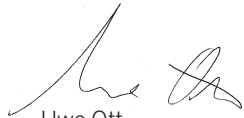

KLS Martin and the speakers are very much looking forward to seeing you in Strasbourg for a high-level exchange of knowledge and experiences from different countries.

Yours,

KLS Martin Group

Michael Martin  
President

Uwe Ott  
Director Product Management  
- Electrosurgery  
- Surgical Lasers

**Tuesday, November 12<sup>th</sup>, 2019**

- 8:30 a.m.** Registration at IRCAD institute
- 9:00 a.m.** Address of welcome
- 9.05 a.m.** Technical basics of vessel sealing **C. Tockweiler**
- 9.30 a.m.** Technical innovations improving bipolar vessel sealing **U. Ott**
- 9.45 a.m.** Advanced Minimally Invasive Techniques in gynecology **M. Klar**
- 10.15 a.m.** Indications, clinical advantages and results using bipolar vessel sealing **M. Klar**
- 11.00 a.m** **Coffee break**
- 11.15 a.m.** Laparoscopic hysterectomy: technical aspects **M. Bossart**
- 11.45 p.m.** **Lunch**
- 12.45 p.m.** Endometrium cancer - case presentation, guidelines and surgical approaches **M. Bossart**
- 1.30 p.m.** Guidelines and operation techniques in breast cancer **M. Bossart**
- 2.15 p.m.** Video presentation: Discussion of different cases **M. Klar**
- 3.15 p.m.** **Coffee break**
- 3.30 p.m.** The importance of lymph node staging in gynaecological oncology **D. Denschlag**
- 4.15 p.m.** The end of MIS in cervical cancer? **D. Denschlag**
- 5.00 p.m.** Anatomy and presentation of practical exercises for the wet-lab **M. Klar**
- 5.30 p.m.** End of first day
- 7.00 p.m.** Round table discussion with diner

**Wednesday, November 13<sup>th</sup>, 2019**

- 9.00 a.m.** Demonstration of the bipolar vessel sealing system in the wet-lab, hands-on training and workshop with exercises
- 12.15 p.m.** Summary and discussion  
Hand-over of certificates
- 12.45 p.m.** **Lunch**
- 1.45 p.m.** End of the meeting
